Salomova F.I.

2019 r.

Calendar-thematic plan 2018-2019 year

Department: Histology and Medical Biology

Subject: Histology, embryology, cytology

Faculty: medical, medico-pedagogical, medico-prophylactic, medico-biological

Course: I, semester: 2

Hours allocated for a semester: lecture - 18, practical lesson – 54

Lectures

№	Date	Subject of the lecture	hours
2- semester			
1.	4.02 - 16.02	Introduction to histology. Cytology	2
2.	18.02-02.03	Tissues. Epithelial tissue	2
3.	04.03-16.03	Blood. Hemocytopoiesis	2
4.	18.03-30.03	Connective tissues. Cartilage and bone tissue	2
5.	01.04-13.04	Muscular tissues	2
6.	15.04-27.04	Neural tissues	2
7.	29.04-11.05	The cardiovascular system	2
8.	13.05-25.05	Organs of hemopoiesis and immunological defense	2
9.	27.05-01.06	Endocrine system	2
Total			18

Practical lessons

№	Date	Subject of the lecture	hours
1	4.02 - 09.02	Technology of preparation of histological preparations	4
2	11.02- 16.02	Cytology	4
3	18.02-23.02	Tissues. Epithelial tissue	4
4	25.02-02.03	Blood and lymph. Preparation of blood smear, staining technique.	4
5	04.03-09.03	Hemocytopoiesis	4
6	11.03-16.03	The connective tissue itself	4
7	17.03-23.03	Cartilage and bone tissue	4
8	25.03-30.03	Muscle	4
9	01.04-06.04	Nervous tissue I	3
10	08.04-13.04	Nervous tissue II	3
11	15.04-20.04		
12	22.04-27.04	Cardiovascular system I.	3
13	29.04-04.05	Cardiovascular system II.	3
14	06.05-11.05	Organs of hematopoiesis and immune defense	4
15	13.05-18.05	Endocrine system I.	3
16	20.05-25.05	Endocrine system II.	3
Total			54
